Description of the Transaction

Pursuant to the Agreement and Plan of Merger, dated as of December 20, 2010, by and among EarthLink, Egypt Acquisition Corp. ("MergerCo") (an indirect, wholly-owned subsidiary of EarthLink created for purposes of the transaction),⁵ ONE and the Stockholder Representative (the "Agreement"),⁶ MergerCo will merge with and into ONE, with ONE continuing as the surviving entity (the "Merger"). As a result of the Merger, CTC will become a wholly owned indirect subsidiary of EarthLink. Thus, EarthLink will become the new ultimate parent company of ONE and CTC. Diagrams depicting the Merger and the pre- and post-transaction corporate structures of the companies are appended hereto as Exhibit A.

⁵ MergerCo is a wholly-owned direct subsidiary of EarthLink Business Holding Corp., itself a wholly-owned direct subsidiary of EarthLink.

⁶ The Agreement is available at <http://ir.earthlink.net/secfiling.cfm?filingID=1104659-10-63575>.

Public Interest Considerations

The proposed transaction will serve the public interest by creating one of the largest nationwide competitive communications service providers serving Internet and business customers. The combined company will offer customers a compelling alternative to legacy carriers through the combined footprint of the two companies, a comprehensive suite of Internet and business services, as well as an extensive switching and fiber network. The complementary strengths, product sets, and geographic footprints of the two companies should position EarthLink to realize cost savings and achieve synergies that are expected to strengthen its ability to enhance service offerings and provide more advanced communications services to a broader customer base.

Although EarthLink's acquisition of ONE will result in a change in the ultimate ownership and control of CTC, no transfer of authorization, assets, or customers will occur as a result of the transfer of control. Immediately following consummation of the merger, CTC will continue to provide service to its customers pursuant to its existing authorizations, with no change in the rates or terms and conditions of service as currently provided. The transfer of control will be transparent to customers of CTC in terms of the services they currently receive, and any changes that may occur in the future as to CTC's name or services will be made in accordance with the Commission's rules and procedures.
